

About WOTF

Carolina Fly Fishing Club is proud to be a sponsor of a new group called **"Women On The Fly"**.

This group was organized by one of our Board members, Linda Hickle, in July of this year. Membership and participation is through the social media site Meetup.com. Their objective is to unite women interested in learning about the great opportunities to get into fly fishing in our area. Women of all skill levels are welcome. **Women On The Fly** has a single gender mission and welcomes everyone interested in promoting women in the sport of fly fishing. Linda along with other Event Hosts invite their membership to attend the CFFC events, other local fly fishing venues, as well as get together just for these fly girls. They help their members feel welcome at our Club meetings and educational events. CFFC welcomes these women anglers into our membership and will continue to support them with informative monthly meetings, quality education and great fishing outings.

You can contact the Women on the Fly Organizer, Linda Hickle directly at:

womenonthefly@yahoo.com

Cell: (704) 837-1438

or go to this website to join the group at
